

Exec Asst/DPers

19 Jun 64

Chief, CPD

I am attaching copies of part 6 on CSPD and part 8 on SWD of the IG report on Personnel. Both have recommendations pertinent to the management of non-staff personnel. I was apparently incorrect when I told you this afternoon that the general recommendation on control of this category was still in the report.

CSPD and SWD each have primary responsibility for developing OP comments on their respective sections. Please let them know if you have views to contribute.
